Another fundamental in nation building that has been egicted has been the public schools.

The republic has no public schools. Perhaps of all things I have mentioned up to now, this is among the sadest, and perhaps the most far reach. Ing. No nation can build up new and hope to measure arms in any degree with the other nations of the sarth if it neglects the education of the children is wholly in the hands of the Christian churches that are doing work among them. Those who attend these schools can never have the feeling of patriotism they would feel if the state would have done semisthing toward their making. Just why the neglect of this fundamental I am in ne wise in posit a to say, but only atate a fact. To a common "clod" such as I am, it seems that there is one hope for the development of the children and not relate to the material, she has the people, he has the brains and God han given her a most productive soil and rer ilar acasons, the one need it to look and see what they have in their hands, and use it. This spirit would make that little five million dallars about which we hear so much include the report of the impressions.

to Liberia. A joint resolution to reauthorize the credit proved one of the shurpest party clashes in the House in years. The Democrats violently attacked the proposal as designed to re-imburse international kankers for Liberinan securities.

The Republican leaders mercilessly wielded the party lash, but even then the proposition was too much for forty on their side who went over to the Democrata. Many others declined to vote. The bill was finally passed, 148 to 139. The resolution now goes to the Senate.

Leading the opposition, Representative Garner of Texas said:

"This is the first time in the history that the bankers have come up and said they are strong enough with the administration to demand that you do their bidding."

He read from the record of the hearings on the resolution that J. P. Morgan & Co., Kuhn, Loeb & Co., the National City Bank, all of New York, furnished \$1,600,000 to refund Liberia's indebtedness in 1912.
